

# The tunnelling statistics from NFF 2017

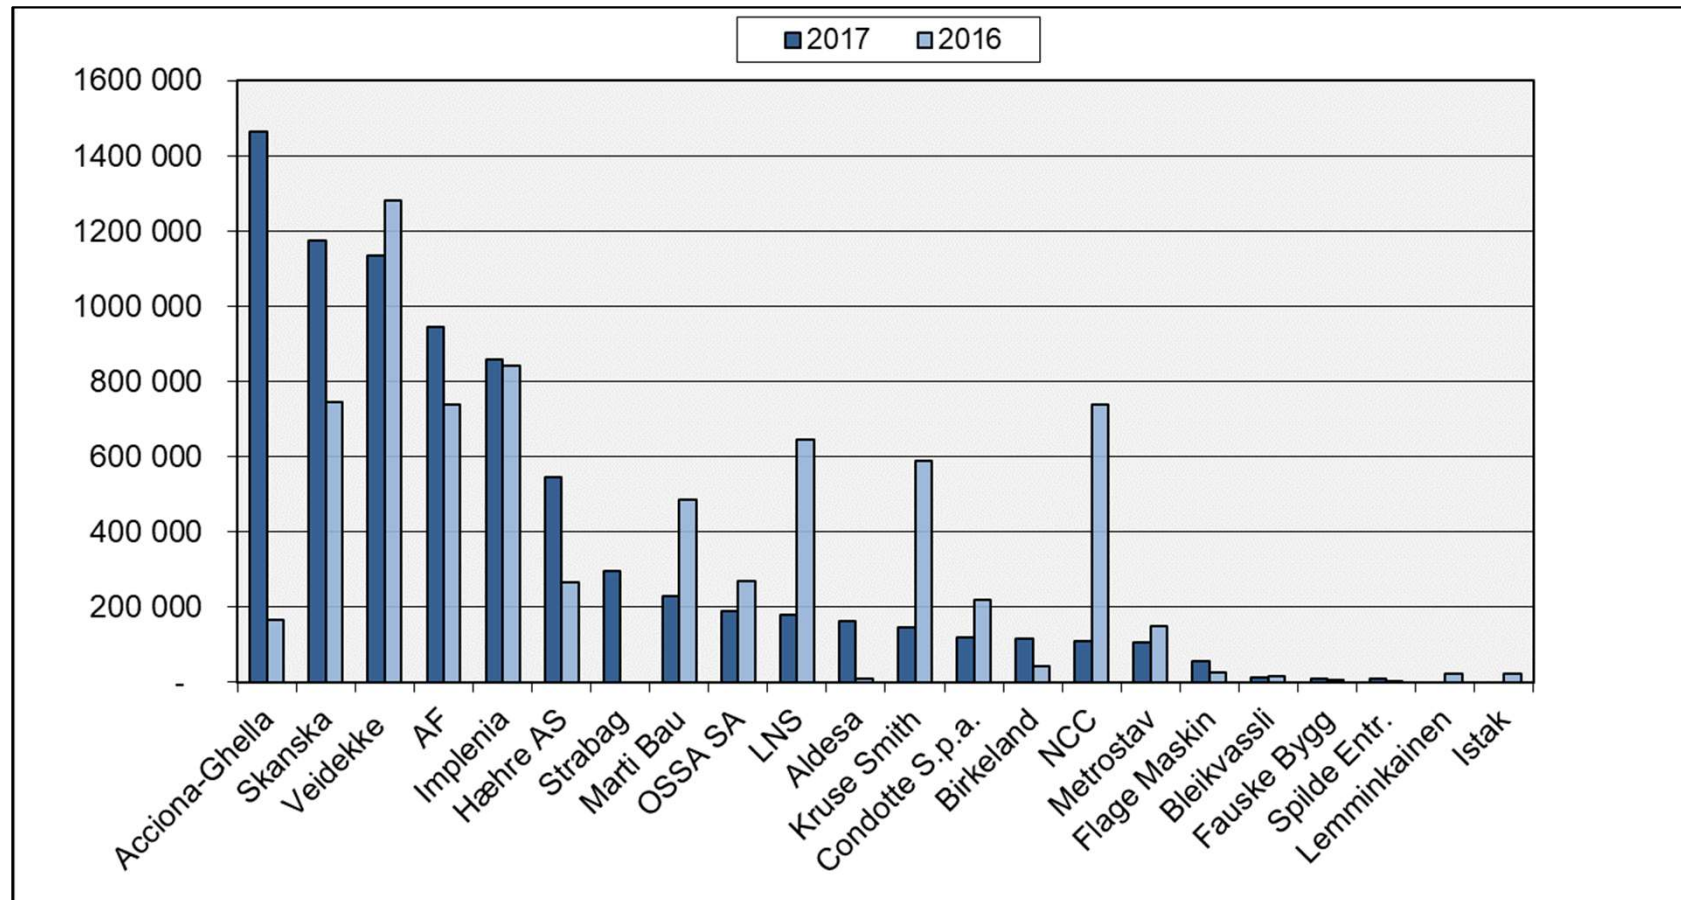

## New record – we have excavated 7.8 million m<sup>3</sup> rock in 2017

## The volume has been high and growing the last six years

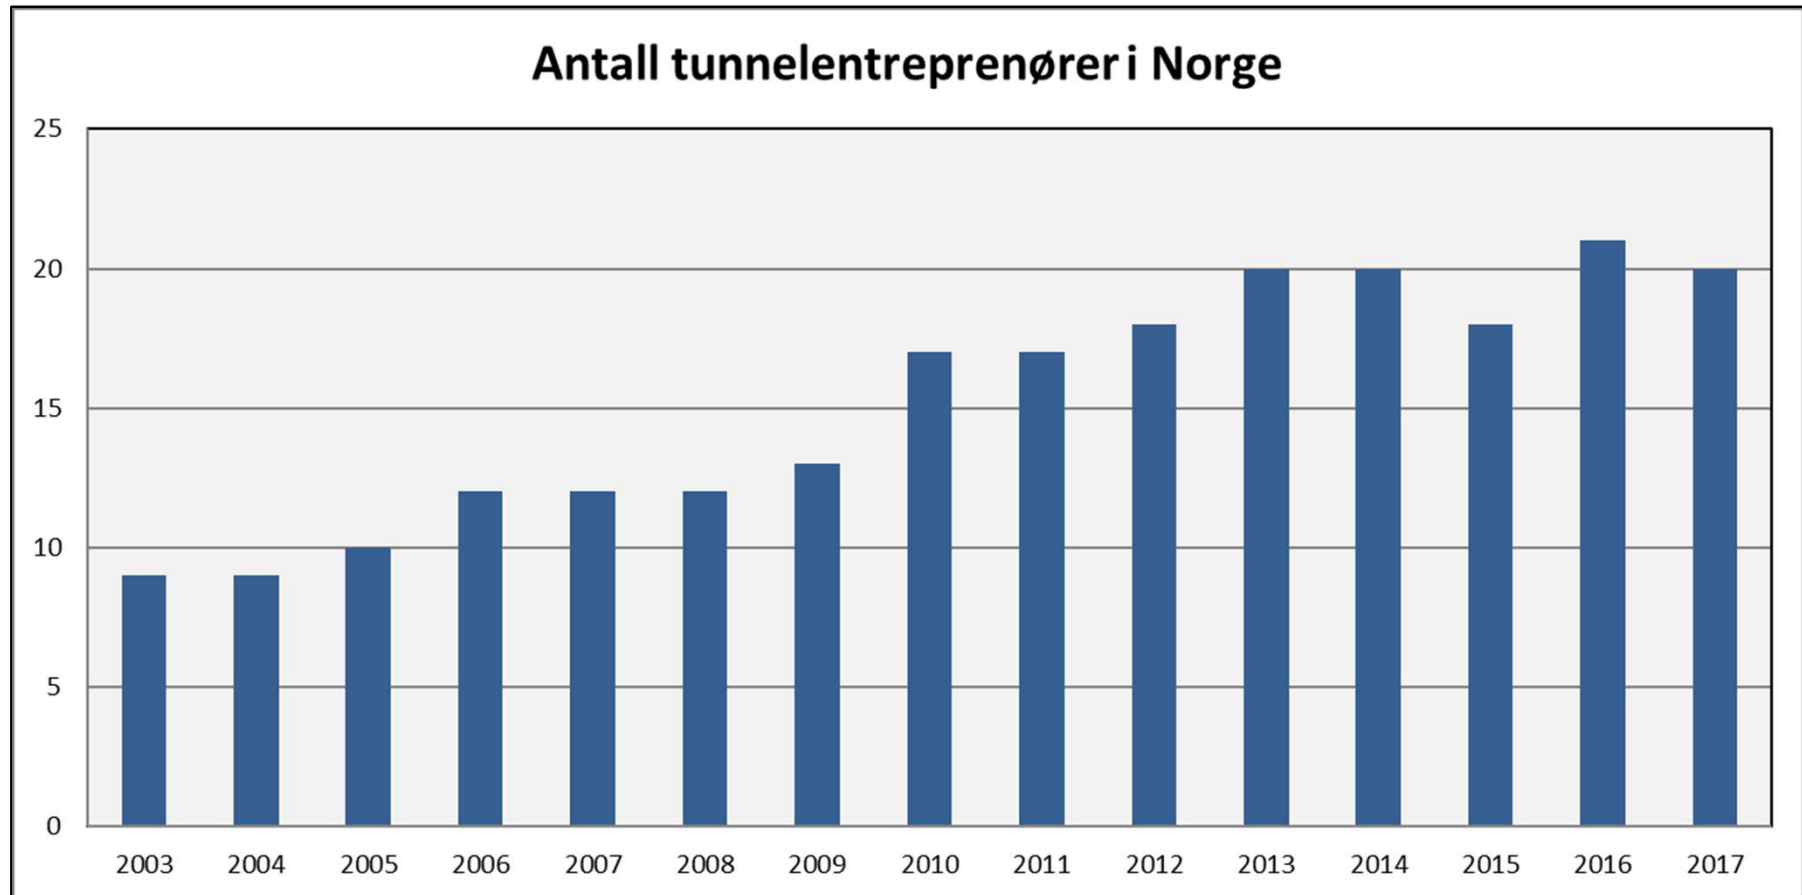

## Acciona-Ghella is new on top in 2017, with only one project

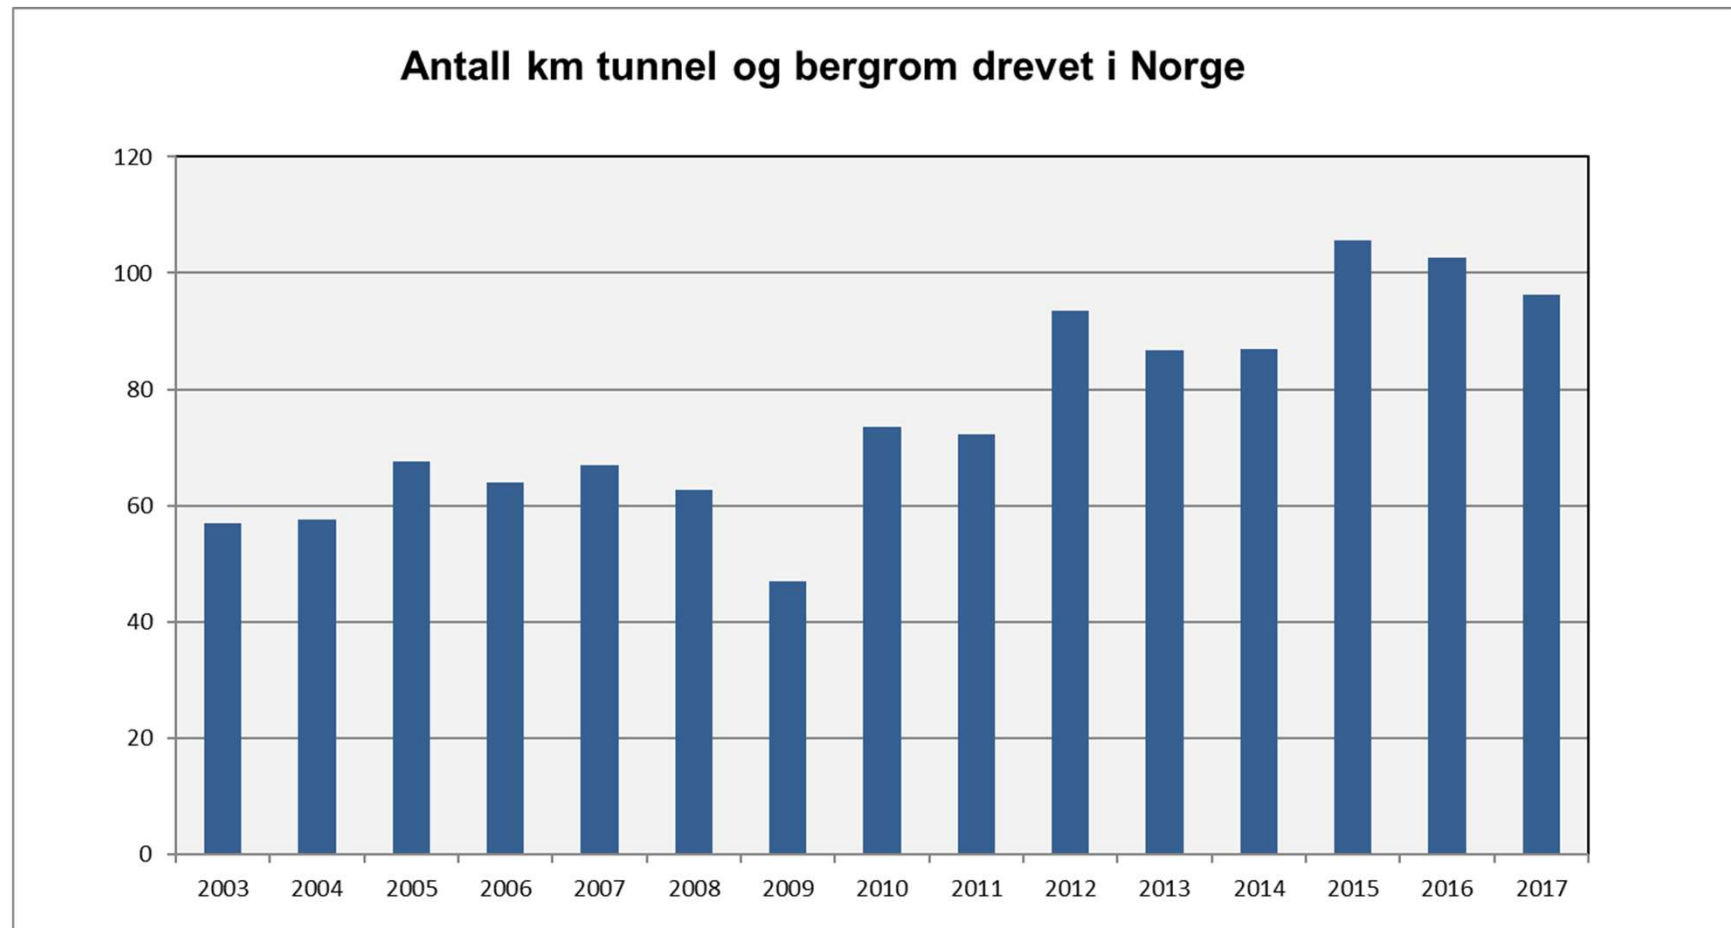

**The number of contractors have been about 20 the last six years**

## Bigger cross sections and improvements give reduced number of km new tunnel

## Big increase in number tunnel meters excavated with TBM in 2017
